

## Local People - A Teenage Perspective ...

A small group of students from various year groups at Macclesfield Academy meets regularly to discuss ideas, work together and support each other as writers.

The articles they write for us look at life from a sometimes refreshingly alternative perspective!

### Thank you letter

Dear NHS workers,

I am writing to you full of gratitude. Thank you so much for your hard work and efforts throughout the pandemic. All of your lives have been at risk at some point, but you still soldiered on.

Working with the positively tested corona virus patients is incredibly brave of you. Despite all of the tragic deaths - you have been England's greatest hope. The support from all corners of the community has been immense. The late Sir Captain Tom Moore has raised around 50 million pounds for the NHS in hope of helping out.

You were always following the lockdown restrictions and risking your lives- for this we thank you. We capture this hope in the rainbow symbol which illustrated many windows this year and last. Millions of people are incredibly thankful for saving us, and helping our friends and family survive.

Finally, the NHS have radiated bursts of hope to those in lockdown. Thanks to a vaccine that has been made to help build alliances as it rolling out each day to make our country better and better. Without you this would not be possible.

Thanks again,  
Elliot Broderick

This month, the students were tasked with writing a letter to their heroes and Elliot - who is in Year 8 - wrote the beautiful piece above to the NHS Staff.
